IN-NETWORK INSURANCE PROVIDER

Turning Point Centers is a preferred, in-network provider with most insurance carriers. As an accredited facility with an amazing, professional reputation, we can often work with most insurance panels.

Turning Point Centers has been awarded the Gold Seal of Accreditation by the highest governing body in the behavioral healthcare field. The Joint Commission is a non-profit accreditation firm that audits healthcare organizations that are dedicated to providing the highest quality addiction treatment and mental health standards. This is not a status many facilities carry and one that is taken very seriously by healthcare professionals.

Because of the personal setting at each of Turning Point Centers' facilities, each client's treatment needs are uniquely addressed through individualized attention and care in sophisticated, retreat-based, healing settings. Our caring, professional staff of doctors, licensed professional therapists and educators is deeply committed to providing the highest quality of care in a safe and nurturing environment, using the most revolutionary approaches known today. All individuals who enter our program receive treatment that is specifically designed to fit their unique needs in a way that best serves their recovery. More personalized one-on-one care, smaller therapy and education groups combined with an uncompromising dedication to healing are precisely what make Turning Point the choice for experiencing the change of a lifetime.

Turning Point's innovative program focuses on recognizing, questioning, and healing our painful thoughts and beliefs that cause our suffering. Present moment awareness becomes second nature. We achieve this awareness through employing a gentle process that includes and works in conjunction with Dual Diagnosis, Cognitive Behavioral, Motivational Interviewing, and EMDR Therapy.

Our approach is highly effective in treating both addiction and mood disorders by offering simple and powerful tools that can be easily used and incorporated in everyday life.

TURNING POINT HIGHLIGHTS

- **Non 12-step** approach emphasizes strong Cognitive Behavioral Therapy.
- Three amazing facilities each designed for success, comfort and tranquility while in treatment. Two residential locations: a 16 bed facility and an 8 bed facility.
- Private rooms are available and we also offer day treatment at our eight bed facility.
- Two to three one-on-one therapy sessions per week and case management.
- All of our therapists are Master Level therapists.
- One physician consultation per week with Medical Director.
- Weekly family therapy and visitation along with two family, one-on-one therapy sessions per month.
- Preferred, in-network provider with most insurance companies.
- Awarded the Gold Seal of Accreditation by the highest governing body in the behavioral healthcare field.
- Licensed for mental health/substance abuse and alcohol treatment for residential inpatient, day treatment, intensive outpatient and general outpatient treatment.
- Healthy, natural food cuisine prepared.
- Onsite gym and racquetball/basketball court (at Bell Canyon location).
- Art, drumming, massage, hiking and ropes course therapy.
- Memberships with NAADAC, SLC Chamber of Commerce, SAMHSA and recognized as an accredited business with the Better Business Bureau.
- CLIA-certified drug testing and licensed Vivitrol injection provider.
- Featured facility on A&E's Intervention.

- Verified by Psychology Today.
